YOUR HEALTH PROFILE

As a full spectrum chiropractic office we focus on your ability to be healthy. Our goals are first to address the issues that brought you to the office, and second, to offer you the opportunity for improved health potential and wellness-services in the future. On a daily basis, we experience physical, chemical and emotional stress that can accumulate and result in a serious loss of health potential. Most times the effects are gradual, not even felt until they become serious. Answering the following questions will give us a profile of the specific stresses you have faced in your lifetime, allowing us to better assess the challenges to your health potential.
